

The Bankruptcy of The United States

United States Congressional Record, March 17, 1993

Vol. 33, page H-1303

Speaker-Rep. James Traficant, Jr. (Ohio) addressing the House:

“Mr. Speaker, we are here now in chapter 11.. Members of Congress are official trustees presiding over the greatest reorganization of any Bankrupt entity in world history, the U.S. Government. We are setting forth hopefully, a blueprint for our future. There are some who say it is a coroner’s report that will lead to our demise.

It is an established fact that the United States Federal Government has been dissolved by the Emergency Banking Act, March 9, 1933, 48 Stat. 1, Public Law 89-719; declared by President Roosevelt, being bankrupt and insolvent. H.J.R. 192, 73rd Congress m session June 5, 1933 - Joint Resolution To Suspend The Gold Standard and Abrogate The Gold Clause dissolved the Sovereign Authority of the United States and the official capacities of all United States Governmental Offices, Officers, and Departments and is further evidence that the **United States Federal Government exists today in name only.**

The receivers of the United States Bankruptcy are the International Bankers, via the United Nations, the World Bank and the International Monetary Fund. **All United States Offices, Officials, and Departments are now operating within a de facto status in name only under Emergency War Powers.** With the Constitutional Republican form of Government now dissolved, the receivers of the Bankruptcy have adopted a new form of government for the United States. This new form of government is known as a Democracy, being an established Socialist/Communist order under a new governor for America. **This act was instituted and established by transferring and/or placing the Office of the Secretary of Treasury to that of the Governor of the International Monetary Fund. Public Law 94-564, page 8, Section H.R. 13955** reads in part: *“The U.S. Secretary of Treasury receives no compensation for representing the United States?”*

Gold and silver were such a powerful money during the founding of the united states of America, that the founding fathers declared that only gold or silver coins can be “money” in America. Since gold and silver coinage were heavy and inconvenient for a lot of transactions, they were stored in banks and a claim check was issued as a money substitute. People traded their coupons as money, or “currency.” Currency is not money, but a money substitute. Redeemable currency must promise to pay a dollar equivalent in gold or silver money. Federal Reserve Notes (FRNs) make no such promises, and are not “money.” A Federal Reserve Note is a debt obligation of the federal United States government, not “money?” The federal United States government and the U.S. Congress were not and have never been authorized by the Constitution for the united states of America to issue currency of any kind, but only lawful money, -gold and silver coin.

It is essential that we comprehend the distinction between real money and paper money substitute. One cannot get rich by accumulating money substitutes, one can only get deeper into debt. We the People no longer have any “money.” Most Americans have not been paid any “money” for a very long time, perhaps not in their entire life. Now do you comprehend why you feel broke? Now, do you understand why you are “bankrupt,” along with the rest of the country?

Federal Reserve Notes (FRNs) are unsigned checks written on a closed account. FRNs are an inflatable paper system designed to create debt through inflation (devaluation of currency). when ever there is an increase of the supply of a money substitute in the economy without a corresponding increase in the gold and silver backing, inflation occurs.

Inflation is an invisible form of taxation that irresponsible governments inflict on their citizens. The Federal
